SIXTH ANNUAL REPORT
OF
THE DOMINION
Commercial Travellers' Association,

Presented to Meeting, December 23rd, 1880.

The Directors have much satisfaction in being able to meet the Members at the expiration of the Sixth year of the Association's existence with the following record of its continued prosperity :

Membership at close of last year was,	-	811
It now consists of	- - - - -	877
Shewing a gain in membership of	- -	66

And the financial position also shews the following improvement :

Balance per last year's statement	-	\$13,852
The balance to carry forward this year is		17,567

Shewing the resources to have been increased by over \$3,700, and this in the face of heavy and exceptional expenses in which the Association has been involved in protecting the rights of its Members by legal processes, and also in obtaining the Incorporation of the Association, which has been satisfactorily effected.

It is a matter of congratulation to state that the Association has not to record the death of any of its Members this year.

There have been numerous accidental injuries during the year, which have been, as heretofore, promptly and satisfactorily compensated by the Accident Insurance Company of Canada.

The Directors, having decided to renew their arrangements with that Company for ensuing year, they are pleased to state that they have received intimation from them, that in consequence of the satisfactory result of their connection with the Association, that the amount covered by the death indemnity on each Member will be increased by 10% without increase of premium.

The concessions granted by the Railway and other Companies as reported last year remain the same, with the addition that the following Companies have conceded the 2c. per mile rate, as granted by other Railways, viz :—The Intercolonial Railway, Central Vermont Railway, and South Eastern Railway. A very valuable addition to the concessions hitherto granted has been made by the St. Lawrence and Ottawa and Canada Central Railways, who have removed the limit of excess baggage from 200 lbs. to any reasonable quantity free. Arrangements have also been made with the Dining Cars on the Grand Trunk Railway for a reduction to Members.

The Directors are pleased to be able to say that the relations between the Association and the Companies granting these concessions have throughout the year remained in every way satisfactory, no serious cause for complaint having arisen.

The case of Mr. Jonas referred to in last year's Report was argued before the Supreme Court, at Ottawa, in October last, by Messrs. J. J. Maclaren, Q. C. of Montreal, and Jas. Bethune, Q. C., of Toronto, for the Association, and decision is daily expected.

The Treasurer's Statements have been audited by Messrs. Riddell and Stevenson, Chartered Accountants, and are submitted for the inspection of the members.

In accordance with the Minutes of last Annual Meeting, the Committee on By-Laws have had several Meetings, and they submitted their suggestions to a Meeting of the Members held 27th November last, where it was unanimously resolved that their adoption be recommended for the approval of this Annual Meeting.

It would appear superfluous to refer to the very gratifying progress of the Association, and there is no reason to doubt that with the continued co-operation and good feeling which has existed amongst its Members, and the high and important position which the Association has thus far attained in the public estimation, that its advancement in popularity and usefulness in the future must be conceded a foregone conclusion.

The Directors hope that the Members will leave no effort undone to effect the completion of its Members to at least an even thousand at as early a date as possible.

The following gentlemen retire from the Executive this year, but who, according to By-Law, are eligible for re-election : Jas. A. Cantlie, President ; D. L. Lockerby, Vice-President ; Jas. O'Brien, A. W. Acheson, A. Gowdey, Jno. Rogers, Directors.

The whole respectfully submitted.

R. C. SIMPSON,

Secretary-Treasurer.
